

2009 Annual Report Released May 4, 2010

Building on Strength

A stylized graphic in shades of green and white. It depicts two human figures from the waist up, facing each other with their arms raised and hands held together. The figures are composed of simple, rounded shapes. The background behind the figures consists of several overlapping, curved, leaf-like or petal-like shapes in various shades of green, creating a sense of movement and growth.

Report

from Our President and Our Executive Director

Big Brothers Big Sisters Building on Strength **Our Commitment to Our Community**

In 2009, 3,127 children and their families were impacted by Big Brothers Big Sisters of Edmonton & Area programs. 2,802 generous and committed volunteers gave their time and talent to the important work of building positive futures for these children through mentoring. As an agency, we are pleased to be able to report this success as we continue to build on its strength.

In a year where economic uncertainty prevailed and social need escalated, we were extremely fortunate to have the support of our funding partners and this great community. Through partnerships with multi-cultural and Immigrant and Refugee agencies, we engaged in two-way learning that has established a foundation for growth based on trust, understanding of need and mutual respect. Through engagement from experts in our LEAN pilot, we were able to improve our ability to move families and volunteers through our processes to decrease wait times and become better able to fulfill service delivery. Through relationships with groups such as the Alberta Mentoring Partnership, we saw an improved community public perception of mentoring resulting in an increase in general awareness, and collectively built infrastructure and resources to support mentoring throughout Alberta.

None of this would be possible without the leadership and support of our Board of Directors, Funders, Volunteers and Staff, who together with our partners share the common goal of delivering effective, timely and positive mentoring to kids and families in our communities. We look forward to continuing this work together in 2010. Thank you.

Sincerely,

A handwritten signature in cursive script that reads "Maureen Cush".

Liz O'Neill
Executive Director

Programs Offered

BBBSE Mentoring Options

Big Brothers Big Sisters matches children ages 6 through 18 with positive, caring adults in professionally supported one-to-one and group mentoring relationships. We have volunteer programs in Edmonton & Area with satellite offices in Strathcona, Parkland, Camrose, Vegreville, Lac La Biche and Morinville. Matches come together in a variety of ways to accommodate both the need of the child and the capacity of the volunteer.

- **The traditional Big Brother Big Sister program** pairs a child and adult directly. We work hard to ensure every match is built on shared interests and commonality. The pair spends two to three hours together weekly, enjoying activities. We encourage matches to set goals and identify teaching moments as well as enjoy each others company in fun and positive ways. The schedule can be flexible to meet the needs of mentors and young people in different kinds of situations. Some Bigs meet their Littles on the weekend or in the evening. Others get together with their Littles after school. Consistency, flexibility, balance and communication are the keys to a successful relationship.

In-School Mentoring is one-to-one mentoring that takes place in schools. Some matches do homework, or read together. Others choose to play sports or board games. Ultimately, the goal is the same as a traditional match, providing friendship and guidance to a child. Mentors don't need any special training or certification and the time commitment can be as little as one hour per week through the school year.

Other BBBSE mentoring options include:

- **Youth In Care** is a mentoring program for 14 to 18 year old youth residing in out of home care. Mentors and youth meet every other week for activities and one-to-one relationship development. This program is funded by Children's Services -Youth Strategies and is aimed at providing mentoring programs for youth in care who are receiving support from Alberta Children's Services.
- **Club Connect** are after-school drop-in centers, offered in three City of Edmonton residential housing complexes. Volunteers and staff provide mentoring, homework support, field trips and life skill activities to children 5 to 18 years of age. This program is a partnership between the Boys and Girls Club of Edmonton, the City of Edmonton and Big Brothers Big Sisters of Edmonton & Area.

- **Francophone Mentoring** is a program that matches Francophone refugee youth, junior high and high school students (grades 7 to 12), with a mentor. Individual mentoring is offered to youth, as well as personal, community and academic assistance to help them develop greater skills, confidence, relationships and resources.
- **Somali Mentoring Programs** for African immigrant children aged 6 – 17 are offered with the support of a Somali caseworker. Programs include a homework club, soccer and basketball programs for boys and a swimming program for girls. Many participants have little access to resources and programs, and few opportunities to develop a sense of community and belonging. Mentors are matched with children one on one or in a group, to provide homework assistance, sports and life skill development, enhance self esteem and friendship. Programs are offered at the Africa Centre.
- **Summer Programs for Immigrant Children** are offered by Big Brothers Big Sisters Edmonton in partnership with many organizations to support the delivery of summer program activities to engage refugee and immigrant children and youth. The programs link children and youth with mentors of different ages, cultural backgrounds and interests. Activities strengthen their physical and mental well-being and improve their ability to achieve success in school. Two pilot joint effort programs were delivered through the Africa Centre and Millwoods Centre in 2008 and 2009.

- **H.E.R.O.S., The Hockey Education Reaching Out Society**, is a mentoring program offered to kids in three Edmonton schools and uses hockey to teach kids life skills. In this mentoring program, volunteer mentors and kids lace up their skates each week for 3 hours from September to April every year. The local program is sponsored by Telus, Edmonton Public schools and BBBS Edmonton.
- **Sports Buddies** is our newest activity based mentoring program. Of the hundreds of kids ready and waiting to be matched, over 65% are young boys waiting for a Big Brother. Sports Buddies has been designed to make it easy for men to have a positive impact on a young life through the simple acts of playing and watching sports together.
- **TEAM** (Together Exploring Activities with Mentors) is a group mentoring program. TEAM enhances the well being of children and youth by matching a mentor to two or more children. They meet weekly with up to 10 children and 5 mentors for group activities and to build relationships.

Satellite Updates

Morinville

In March 2009 we were pleased to hire Laurie Russell as the caseworker in Morinville.

Lori has been very successful in growing the program in only nine months. She has been actively connecting with community agencies, supporters and businesses to recruit volunteers. As a result, the in school matching program has expanded to community based matching which means children now have support and friendship out of school hours.

Ongoing financial support was received in 2009 from Alliance Pipeline, the Alberta Government Region 6, Child & Family Services, Community Spirit, and The Town of Morinville. Lori also successfully recruited fundraising volunteers to manage the first casino.

Vegreville

After a long process searching for the new Vegreville caseworker we successfully hired Laura Sturrock in March 2009. It was worth the wait. Laura lives in Vegreville and has the personality, skill, tenacity and sense of humour required to manage a satellite office.

Laura spent her first nine months actively connecting with the community and has established relationships with other agencies, service organizations, and schools. In December, Laura participated in the Region 5 Community consultation. Finding volunteers to sit on the advisory committee continues to be a challenge.

Laura has successfully expanded the reach of the mentoring program in Vegreville and has new matches in the community as well as in school mentoring matches. These mentoring relationships are reducing the risks to positive development that our children face.

Vegreville had its first casino in the summer which resulted in a significant source of funding.

Camrose

In 2009 Allison Stang began our first Athletes Mentoring program. This program demonstrated very quickly that together community partners can do more. Youth were matched one on one with screened mentors from men's and women's basketball teams and matches were supported and supervised on site.

The results were great and this motivated Camrose Big Brothers Big Sisters, Boys and Girls Club of Camrose and the University of Alberta, Augustana Campus to begin the process again in the fall of 2009 for a January to March program.

In 2009 our staff hoped to begin a high school mentoring program in this community and although this did not transpire, building blocks to continue development have been established. Allison provided support to fifty seven mentoring matches throughout the year.

Financial support was received from Child & Family Services Region 5, private donations and FCSS. The program also received funding from the first ever casino.

Lac La Biche

It was another great year in Lac La Biche, more children than ever received mentoring in 2009.

The community of Lac La Biche is now very aware of the programs offered by BBBS and their continuing support to us. The support of many is what contributes to the success of the program.

Not only have the high school students been mentoring the elementary students, they have also become excellent ambassadors of mentoring in Lac La Biche. This fall the caseworker was able to bring a group of youth to the leadership conference in Edmonton.

The local volunteers on the Lac La Biche Advisory Committee continued to work hard to support and grow the program through a variety of recruitment and fund raising opportunities. In the spring the signature Bowl for Kids Sake took place, engaged many community and corporate supporters and increased the profits over last year. In the summer the committee members and volunteers participated in a casino.

This fall our office moved upstairs in the Twin Resources Building and we have the support of the owners and thank them for providing affordable space.

Lac La Biche County FCSS continues to see the value in funding the program as well as providing consultative support. Support also came from Northern Lights School Division. The Student Advocacy Counsellors have greatly assisted in recruiting student volunteers for the ISM program and in the referral of children to the community-based and in-school mentoring programs. Schools have also assisted in promoting the program through their school newsletters and getting involved in Bowl For Kids Sake. The program continued to be promoted with other human services agencies in the area, such as the schools, Child and Family Services, LLB Canadian Native Friendship Centre, Hope Haven and others serving children and youth.

“She was just a little girl who needed someone. I’ll be in her life as long as she wants me. She’s been just the best gift to me. She has taught me about unconditional love. I wouldn’t be who I am without her.” ~ **Laurie, Big Sister**

“I think I’ve been very blessed to have Big Brothers and Big Sisters involved with my kids.” ~ **Marilyn, Mom of a Little Sister**

“I’m really proud of myself now.” ~ **Adam, Little Brother**

“I’m thrilled at seeing that sparkle in her (employee who is a Big Sister) eye because deep in her heart, she knows she’s making a difference.” ~ **Mary-Jane, Employer of a Big Sister**

“My Little Brother makes a difference in my life. He’s made me realize things I’d never even thought of before. And that’s a pretty good thing. When you can give and receive at the same time.” ~ **Darcy, Big Brother**

“The joy of seeing what we’ve (Big Brothers Big Sisters) done with so many children and hearing other people’s stories have been my biggest reward.” ~ **Kay, Volunteer**

“The more people that care about a child, the better. They (Big Brother/Big Sister) have brought a dimension to my son’s life that he never had before.” ~ **Katharine, Mom of a Little Brother**

“They asked me if I wanted a Big Sister and she was a total stranger but after our first outing...I wanted to do it again the next day.” ~ **Amanda, Little Sister**

“He’s (Big Brother) made a big change in my life. I’m really thankful and happy that I was matched with him. I look up to him not only as my Big Brother, but as a part of my family. He has been a powerful and prominent figure in my life.” ~ **Darcy, Little Brother**

“There are amazing opportunities that I can achieve if I put my mind to get. If I didn’t have a Big Sister, I wouldn’t have gotten to do most of the things that I wanted to, that I did. It (having a mentor) does change people’s lives.” ~ **Amanda, Little Sister**

“I came into the program when I was six years old. I had a Big Brother. It’s just someone to hang out with, ask questions, and they’re going to take the time to answer. And I knew that when I got older, that I wanted to contribute as well.” ~ **Darcy, Big Brother**

“She (Big Sister) is a nice lady. She always helps me. She figures out if I’m sad or not. I’m becoming happier and happier throughout the years. I just want to say that I’m glad that she’s in my heart and I’m so glad that she cares for me and I care for her.” ~ **Tannan, Little Sister**

“I do the volunteer work because I like to do it.” ~ **Liz, Big Sister**
