

Annual Report

RELEASED MAY 6, 2007

Letter from Our President and Our Executive Director

So much to celebrate.....

In late December we celebrated with a very special former Big and Little Sister. They had been matched on December 1, 1986 and we remembered them well. Over the many years of their match and subsequent friendship, Donna has watched Chanda grow from a 'delightful 8 year old' into a confident university graduate and teacher now married and having her first child. On their first outing in 1986 they went to a Swiss Chalet for dinner. And last year they celebrated their 20th Anniversary at the same restaurant where we surprised them with flowers. Swiss Chalet, delighted with the story, gave them dinner 'on the house'!

We're always so happy to hear from our former matches who have remained in contact with each other and often remain very close friends. It's one of the great joys of our work at Big Brothers Big Sisters. And, now that we have a National Alumni program (see www.bbbsc.ca/alumni) it's a great way for former matches to continue getting news from our agency and from the Alumni program.

In 2006, we completed our Big Brothers Big Sisters of Canada accreditation and we learned through the process that our agency, staff and volunteers have done an incredible job of staying true to our mission. The accreditors' report told us that our systems and processes are excellent. The community told the accreditors that our focus remained strong in ensuring quality and safety in all aspects of our programming and our moms and dads confirmed the great work that our casework staff has continued to do to support their children and their families.

We also began work in 2006 on growing mentoring across Edmonton's ethno-cultural communities. The first phase of this process will have our agency work with the Edmonton Public School Board, the Edmonton Catholic School Board and the Edmonton Francophone School Board to identify stakeholders in aboriginal communities, refugee groups, new Canadians and Canadians migrating to Edmonton from other communities. Through this dialogue, we will define a coordinated approach to mentoring for children from Edmonton's diverse multicultural community.

As you may recall, our agency launched a strategic plan several years ago for sustained growth in the number of children and families we served. With many sectors being impacted by the rapid growth Edmonton and indeed the entire Province is experiencing, we wanted to be proactive and examine what impact a booming economy might have on our recruitment and retention of volunteers. With the assistance of a consultant, we began the process in 2006, and will be reporting on it throughout 2007.

With revenue-growth also being a priority in our agency's Strategic Plan, in 2006 we were not only successful in increasing the number of funders who support children served in our mentoring programs, but also in targeting significant growth in our agency's fundraising projects including our Annual Golf Tournament and Dream Homes Lotteries.

Bringing mentors and kids together would not be possible without the generous support and contribution of so many friends and supporters. Thank you!

We are Big Brothers Big Sisters of Edmonton & Area. We are friendship and teamwork. And we are very proud to be allowed to support those who need us most, our community's children and youth.

Sincerely,

Charolette Player
President

Letter from Battle River

Although BBBSBR became affiliated with BBBSE in 2005, the period of transition continued into 2006 with the hiring of a new caseworker, Alison Stang.

The latter part of 2006 consisted of the new caseworker completing required training in order to be successful in her position. Having the established relationship with BBBSE ensured a smooth transition between caseworkers and provided Alison with almost immediate assistance when needed. The caseworker position also went from 0.5 FTE to 1.0 FTE in August of 2006. This has allowed for an even greater focus on Service Delivery by the caseworker.

The scope of the special project in 2005 changed in 2006 and it is being delivered as an In School Mentoring program. This year there were five grade 11 students matched with grade 6 students. There are some group activities and more supervision to provide additional support to the matches but the matches have more one-on-one time this year. Also new in 2006 were three Grade 12 students as high school mentors

in the ISM program. Our agency is planning to promote the benefits of high school mentoring and increase the numbers next year by trying to work the volunteer component into the leadership class or CALM class.

Big Brothers Big Sisters of Battle River has developed some specific goals and activities around the areas of Marketing & Volunteer Recruitment, Community Partnerships, School Partnerships and Volunteer Recognition. The goals are to create an awareness of BBBS, develop long lasting relationships with different partners, and recruit and retain volunteers. The implementation of the strategies to achieve these goals has begun and is going well.

Al Wallace, *Chair of Advisory Committee*

Letter from Lac La Biche

The past year has seen a number of areas of positive growth and development for Big Brothers Big Sisters of Lac La Biche and Area. Thanks to strong support from Family and Community Support Services of Lac La Biche and Area and Big Brothers Big Sisters of Edmonton and Area we have been able to build a strong presence and a base from which we continue to grow. In our first year we had six matches. Currently there are two Big/Little matches and nine In-School Mentor matches. Our goal for 2007 is nine Big/Little Matches and 26 In-School Mentor matches. To help us reach our goal we are looking to our high school students to become In-School Mentors.

In addition to the increase in matches, we believe the Big Brother Big Sister profile within the community has been raised. Considerable time and energy has been spent getting our name out at various events such as trade shows, the Hope

Haven golf tournament, Portage College and speaking to various organizations.

We have also established a niche fund raiser that will assist the organization in further increasing our funds as well as our profile — Bowl for Kids' Sake. In 2005, we raised \$3,000; in 2006, \$7,100. Our goal in 2007 is to increase that to \$10,000. The response to Bowl for Kids' Sake in Lac La Biche has been very positive and has demonstrated definite support in the community.

We look forward to continued success and growth in 2007.

Dave Moseley,
Chair of Advisory Committee

Letter from Morinville

We're thrilled in Morinville to be able to tell you that we now have 12 In-School Mentors, all of them highschool students. We also have four adult mentors from the community whose applications we are processing.

We have been proud to represent our agency in the community at events organized by the Morinville Chamber of Commerce and Notre Dame Elementary School's Parent Council Meeting. These presentations have enormous impact on the work we do in the community. Recently a presentation resulted in two new volunteer inquiries, a proud mom of a mentor asking if she can serve on our Committee and a call from one of our corporate supporters telling us

how proud they are to be part of our agency and to count on their support in the future.

We look forward in 2007 to extend the In-School program to Notre Dame Elementary School and have established a goal of 20 to 30 matches by June of 2007.

Letter from Vegreville

In 2004, community agencies including Mental Health, Children's Services, Family & Community Support Services, the Family/School Liaison met to address the gap in services for youth within the Vegreville community.

Public meetings were held and community organizations, members and schools were invited to participate in the process of assessing and exploring the needs of youth. As a result of this process, the community provided support for the implementation of additional youth programming.

A working committee was formed in January of 2006 and the process began to become a satellite office of Big Brothers Big Sisters of Edmonton & Area.

Working from a list of potential mentors developed by the working committee, three new volunteers were screened

and are ready to match. Vegreville is looking forward to matching 15 – 20 volunteers in 2007.

The agency's caseworker and the working committee are also developing a number of fundraising initiatives ranging from grants to special events.

All the work done by the community, the working committee and the staff have contributed to a successful inaugural year for Big Brothers Big Sisters of Vegreville.

Dee Palichuk

Tulips come from Turkey...

Years ago, when first matched as an In-School Mentor, Ron asked his student friend Curtis what kind of flowers were on the table in the library. “Tulips” replied Curtis. “And do you know where tulips come from?” asked Ron. “Holland,” replied Curtis. As he was soon to learn, when your mentor has an encyclopedic memory, and routinely beats everyone at Trivial Pursuit, you get to learn a lot of neat stuff. In fact, in turns out, tulips originated in Turkey.

Ron was Curtis’ In-School Mentor for four years. Then, when Curtis was moving on to Junior High, Ron became Curtis’ Big Brother. That was six years ago, and the two remain best of friends. Curtis is a straight ‘A’ student and is at the top of his class in highschool. He plans to be an ESL teacher in Japan when he finishes University and recently returned from a school trip to that country.

The two do all kinds of things together like going to movies, playing RISK, camping, trips to Fort Edmonton and Kananaskis and just hanging out.

When asked why he became a Big Brother, Ron tells an interesting story. When he called our Big Brother Big Sister office and spoke to a caseworker, he related part of that story. How he became 90% visually impaired as a young, married father in 1990 and how his mobility is now affected. Our caseworker asked him “How can a blind person be an In-School Mentor?”

We’ve all learned a lot from Ron, especially that he doesn’t allow his visual impairment to stop him from doing much. While he leads a very busy life with many activities, Ron serves on our Inclusion & Diversity Committee and is making an incredible contribution.

Ron tells us that Curtis is an awesome kid...and smart. When we asked Ron what he likes best about being a Big Brother his response was, “the pay is good”.

A good sense of humour is obviously one of his attributes too!

“The pay is good.”

Friends Forever

W

e spent a wonderful half-hour talking with In-School Mentor Maria and her Grade 4 student-friend, River. Maria and River have been matched for two years, and it is a great match.

We often hear from our mentors how much they get from the mentoring experience, and Maria is no exception. This cheerful, outgoing young woman bubbles with enthusiasm when she talks about River. The two love doing arts and crafts together, they enjoy reading and sometimes they go to the gym to play basketball and dodge-ball. Maria really enjoys ballroom dancing and was thrilled when River taught her some Cree dances. As Maria succinctly puts it, “we like doing just about everything....but mostly having fun!”

River is also a fascinating young lady. In addition to the activities she shares with Maria, she loves movies. When asked about a favourite movie, River hesitates and then rhymes off a long list including *Pirates of the Caribbean*, *Shrek II* and *Evita*. River is also a huge fan of opera, and some day wants to sing in an opera production; *Phantom of the Opera* is her favourite. To get her voice ready for her first appearance as an opera diva, River enjoys singing in the school choir and loved having the chance to perform for senior’s groups.

Maria and River quickly became much more than just a mentor and a mentee. If you’re in Mother Teresa School on a Friday afternoon, you can spot the two of them, heads together, having a great time.

Mentoring Programs

Big Brothers Big Sisters

- Mentors share 2 to 4 hours a week with a child or youth. The Big/Little do things they both enjoy, like walk the dog, play catch, make crafts or cookies, ride bikes or just hang out together.

In-School Mentors (High School Mentors)

- Mentors share one hour a week for one year matched with an elementary school student, reading, keeping a journal, playing board games and just getting to know each other. All activities occur at the student's school.

Partners for Kids

- The United Way's Partners for Kids program is a collaboration of agencies that create resilient children and families by providing them support under one roof – their school. This is done through mentorship programs, literacy assistance, family support programs, the hot lunch program and the support of the local community.

Group Programs

- A range of group programs are offered including TEAM, Club Connect, Youth in Care, Inner-City Groups and more. Group programs match several volunteers with a number of children and youth in communities throughout the City.

Roots & Wings

- Roots & Wings matches a volunteer with a parent...like being a Big Sister to a Mom. Mentors visit the parent two to four hours a week by phone, email or in person. Together they go shopping, take the kids to the park or talk over a cup of coffee. Roots & Wings is also offered in the Chinese community.

Digital Heroes

- Mentors are matched with a student and exchange emails (via a secure monitored website) once or twice a week. It's like being an electronic pen-pal.

Group Activities

- Monthly group activities for kids and their mentors/parents/guardians.
- Bowling, archery, crafts, canoeing, skiing, fishing, annual picnic and Christmas party.
- Life Choices and Right for Me.
- Crafts nights are also held throughout the year.

Franco-Immigrant Youth Project

- Youth and parents from refugee Francophone communities are matched with mentors for tutoring, recreational and social activities.
