

## Big Brothers Big Sisters of Edmonton & Area

Also serving Strathcona County, Parkland County, Camrose, Lac La Biche, Morinville and Vegreville

Annual Report Released May 4, 2009

# Report from Our President and Our Executive Director

## Big Brothers Big Sisters Journey of Diversity — Our Commitment to Our Community

In 2006 the Board of BBBS approved its new Diversity Policy.

“Our commitment to diversity is our promise to each other and the communities that we serve. We will strive to reach out and welcome every child, every mentor, every staff member and every volunteer so that we may support, strengthen, benefit from and contribute to the richness and complexity that is Edmonton and the Communities in which we work.”

We have travelled some distance in our journey, we are not there yet but the commitment is alive and well.

Our partnership with the Gateway Association for Community Living has helped us better understand the needs of our children and volunteers with developmental disabilities and together we are running a new program at Mary Butterworth School which includes children with and without disabilities.

Our partnership with the Africa Centre and with our new immigrant and refugee families has helped us begin to review our policies, procedures, systems and assumptions around how we support our new children and families and we are working to create new systems that are culturally sensitive. The Ethno Cultural Mentoring Table has been a successful initiative in bringing together many skilled organizations who have provided us with support and guidance and have welcomed the opportunity to work with our agency in developing and designing new ways to bring mentors into the lives of our children and families.

Our partnerships with our Edmonton Public, Catholic and Francophone Schools has allowed us to explore more diverse ways of delivering new mentoring programs on site during school hours and after school. Our partnership with Partners for Kids has increased our understanding of the short term and long term needs of our children and families and together we are pioneering new approaches in order that many more children and youth can have a caring mentor in their lives.

None of this would be possible without the leadership and support of our Board of Directors and our Staff, our Funders and our Volunteers who together with our partners share one common goal that being to more effectively serve the children and families in our community.

Thank you for being on this journey with us and beside us in caring about our communities children.

Sincerely,

Maureen Cush  
*President*

Liz O'Neill  
*Executive Director*

## Satellite Updates

### Morinville

What a year 2008 has been! I'm not even sure where to begin! As you know in 2007 we expanded our In-School Mentoring program into Legal which was a very exciting venture for us, and we are proud to say that the program continues to grow!

Our goal for 2008 was to serve 30 children in our mentoring programs, and while we came very close to that goal, our final number of children impacted in Morinville and Legal was 24; 23 of those matches were In-School Mentoring and one was a community based Big Brother/Big Sister match. All of the children and volunteers in these matches have told us they have gotten much more than expected from the experience and are excited to continue into 2009.

The 2008 year ended as we officially said goodbye to our first Morinville caseworker Tamara Freeman. Tamara's teaching position went full-time from half-time so could no longer keep the half-time caseworker position. We wish her all the best of luck and thank her wholeheartedly for the commitment and dedication she gave to the Morinville & Legal Satellite Office.

We would also like to acknowledge the commitment from Greater St. Albert Catholic School Division which governs the schools in the communities of Morinville and Legal. These schools devote their time to come to meetings and have set up mentor rooms within their schools to keep this program growing.

We also want to say a great big thanks to all our community partners, donors and especially to our funders of which include Alliance Pipeline, AB Crime Prevention, the Town of Morinville and Child & Family Services Region 6 for their continued support. We would not be able to match and support the kids and volunteers in our programs without each of you!

Cathy Proulx  
*Chair of Advisory Committee  
Big Brothers Big Sisters of Morinville & Legal*

### Vegreville

The Big Brothers Big Sisters In-School Mentoring Program had a great start in 2008. Our caseworker, Kyla Dolejsi, nurtured and maintained 15 matches in our Elementary and Junior High Schools. We benefited from sizable donations from businesses and organizations in our area which recognized the integrity, validity and the necessity of our program and our children. These businesses included Wilde and Company Accounting, Webb's Machinery, Federated Co-operatives Ltd., Case Processing Centre, TransCanada Pipelines, CIBC, Telus and Bank of Montreal.

In May of 2008, we organized our second Bail-a-thon and again were thrilled with the response

of our community. To raise \$20,000 at one event in a town our size is truly remarkable and we are most grateful to local businesses and donors for their contributions.

Vegreville and District Family and Community Support Services continues to provide a home for our caseworker. Without this in-kind support, we would have to spend many of our hard-earned dollars on phone bills, faxes, photocopying, computer, and so many other expenses large and small. We are deeply indebted and grateful.

Many thanks are extended to BBBS Edmonton for the support and assistance given to our committee again this year. Ours is a better community because of the presence of BBBS,

and people continue to be drawn to our solid reputation.

The Youth Mentorship Committee has seen some recent changes with membership. We were very sorry to see Dee Palichuk and Lisa Topilko step down from our committee. Both of these ladies have been heavily involved in our Committee since 2005. Fortunately we have recruited new volunteers with which come new ideas.

Lisa Topilko & Trish Proznick  
*Committee Members*

# Satellite Updates

## Battle River

We are happy to report that 2008 was another great year in the Battle River Big Brothers Big Sisters office!

In October of 2008 Big Brothers Big Sisters of Battle River passed our first Big Brothers Big Sisters of Canada accreditation process with flying colours. We learned, it was a positive experience, and good program ideas came out of the process.

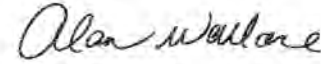

Alison Stang our Battle River Caseworker returned from her one year maternity leave in December 2008 at a 0.5 FTE. We are pleased to have her back, to bring creative, outside-the-box thinking to keep serving kids in Camrose in mentoring relationships. Allison jumped in with both feet and has begun to plan different mentoring programs like our Athletes Mentoring Program.

We partnered with the Boys and Girls Club of Camrose and the University of Alberta, Augustana Campus and plan to run the pilot Athletes Mentoring Program project from January to March 2009. This pilot will match at least ten youth with screened mentors who are athletes from the men's and women's basketball teams at the university. On site supervision will provide support and supervision of this site based partnership.

In 2009 our staff hope to begin a high school mentoring program in our community. One elementary school and the public high school are showing interest in running the program and initial discussions are underway.

We can not complete this letter without saying thank you and giving praise to those who help us day in and day out. Our community partners, donors and very importantly our funders: Camrose & District Support Services, Child & Family Services Authority Region 5 and Wild Rose Foundation. Without your ongoing support

we would not be able to provide the programs and services to the children — thank you!

Al Wallace, *Chair of Advisory Committee*  
*Big Brothers Big Sisters of Battle River & Area*

## Lac La Biche

Thanks to continued support from Big Brothers Big Sisters of Edmonton & Area as well as Lac La Biche County Family and Community Support Services, Big Brothers Big Sisters Lac La Biche has had significant positive growth and development in a number of areas in 2008 including 19 In-School Mentors. We have had great success with partnering with the local high schools to gain support for the In-School Mentoring Program.

We were proud to represent our agency at community events such as the Ice Races, working at the local Legion for Steak nights, carrying a banner at the Pow Wow Days Parade and having a display at the local Community Awareness Night held at Portage College. We continue to make our presence known by attending interagency meetings and speaking at Portage College, community groups and schools.

Every year we hold Bowl for Kids Sake which is a major fundraising event for our agency! This year

was the 5th Annual Bowl for Kids Sake in Lac La Biche and we are pleased to report it was a great success raising \$9,000! The event was held over two days with a corporate event on Friday night and a community event on Saturday. We had a great turn out and everyone had a fantastic time. We also had the opportunity this year to help the local Kinsmen group run a concession for their annual Pond Hockey tournament.

We are excited to see what lies ahead for our agency in the 2009. We will be starting a Go Girls program with the local middle school and are looking forward to getting a Sports Buddy program up and running in the community.

Meghan Nowosad  
*Chair of the Advisory Committee*  
*Big Brothers Big Sisters of Lac La Biche and Area.*

## Here are all the ways our wonderful volunteers ...

### BBBSE Mentoring Options

**Big Brothers Big Sisters** matches children ages 6 through 18 with mentors in supported one-to-one relationships. We have volunteer programs in Edmonton & Area, and satellite offices in Strathcona, Parkland, Camrose, Vegreville, Lac La Biche and Morinville & Legal. Matches come together through our two essential programs:

**Community-Based Mentoring** is the traditional Big Brothers Big Sisters relationship. It's all about one-on-one time spent between the volunteer and the young person doing things they enjoy – a few hours a couple times a month filled with shared interests and activities like:

- Shooting hoops
- Playing a board game
- Sharing a pizza
- Taking a walk in the park
- Or just hanging out and talking

**In-School Mentoring** is one-to-one mentoring that takes place in the schools. Some matches do homework, or read together, but it's really all about friendship and guidance. Matches can play or jump rope or shoot hoops — whatever the mentor and student enjoy. Mentors don't need any special training or certification.

### Other BBBSE mentoring options include:

- **TEAM (Together Exploring Activities with Mentors)** is a community-based group mentoring program. TEAM enhances the well being of children and youth by matching a mentor with two or more children, who meet

weekly with up to 10 children and 5 mentors for group activities and build relationships.

- **Digital Heroes** This school-based, electronic, one-to-one mentoring program matches students in elementary schools with adult mentors, to correspond weekly via e-mail and develop a relationship.
- **Youth In Care** A site based mentoring program for 14 – 18 year old youth residing in out of home care. Mentors and youth meet every other week for activities and one-on-one relationship development. Funded by Children's Services – Youth Strategies, to provide mentoring programs for youth in care receiving support from Alberta Children's Services.
- **Club Connect** are after-school drop-in centres, offered in three City of Edmonton residential housing complexes. Volunteers and staff provide mentoring, homework support, field trips and life skill activities to children 5-18 years of age. This site-based program is a partnership between the Boys and Girls Club of Edmonton, the City of Edmonton and BBBSE.
- **Francophone Mentoring Program** This community based program matches Francophone refugee youth — junior and high school students (grades 7-12) with a mentor. Individual mentoring is offered to youth, as well as personal, community and academic assistance to help them develop greater skills, confidence, relationships and resources.

## ... guide and support our children!

- **Children of Incarcerated Parents** Having a parent in prison can negatively effect a child's growth. Mentoring a child of promise who has a parent in prison is a one way mentors contribute to making a difference for a child. This unique mentoring program matches children with one, or both, parents in a federal correctional facility, one-on-one with a mentor. They meet regularly each month to develop a relationship and meet the unique needs of children with an incarcerated parent.
- **H.E.R.O.S. the Hockey Education Reaching Out Society** is a mentoring program offered to kids in three Edmonton schools that uses hockey to teach kids both hockey skills as well as life skills. In this group mentoring program, volunteer mentors and kids lace up their skates for three hours each week from October – March. The program was founded by Norm Flynn in Vancouver in 2000, and has since expanded to Calgary, Toronto, Edmonton and Ireland. Our local program is sponsored by Telus, Edmonton Public schools, BBBS and managed by Norm Flynn.
- **Sports Buddies** is our newest activity based mentoring program. Of the hundreds of kids ready and waiting to be matched, the majority of them are young boys waiting for a Big Brother. Sports buddies has been designed to make it easy for guys to have a positive impact on a young life through the simple acts of playing and watching sports together, a couple times each month.
- **Somali Mentoring Programs** for Somali immigrant children aged 6-17 are offered with the support of a Somali caseworker. Programs include a homework club, soccer and basketball programs for boys and a swimming program for girls. Many participants have little access to resources and programs, and few opportunities to develop a sense of community and belonging. Mentors are matched with children one on one or in a group, to provide homework assistance, sports and life skill development, enhance self esteem and friendship. Programs are offered at the Africa Centre.
- **Summer Programs for Immigrant Children** Big Brothers Big Sisters Edmonton partners with many organizations in Edmonton to support the delivery of summer program activities to engage refugee and immigrant children and youth. The programs link children and youth with mentors of different ages, cultural backgrounds and interests. Activities strengthen their physical and mental well-being and improve their ability to achieve success in school. Two pilot joint effort programs were delivered through the Africa Centre and Millwoods Centre.

## Laurie's Story

**"My name is Laurie Anderson and my husband and I**

have three boys between the ages of 19 and 25. The Farmers' Almanac actually says that there is "a special place in heaven for the mother of three boys", and I intend to claim every square inch when I get there! I can tell you that this Mom has successfully navigated the river of testosterone that ran through the hallways of our home and lives to tell about it!

*Left: Laurie and Tannan. Above from left to right: Laurie, Tannan, Laurie's son Mike and Mike's Little Brother Rennie.*

I started with Big Brothers Big Sisters almost eight years ago when the then Minister of Children's Services, Iris Evans, launched a mentoring program in our ministry. She encouraged her staff to take an hour a week, paid time, to become an In-School Mentor. How tough could it be to spend an hour a week reading with a child? Could it really make a difference? I had always been interested in the programs run by Bigs, but never believed I had the time to invest with a child other than my own - I was, most importantly Mom to our three boys. I also worked full-time, was a hockey and baseball mom, volunteering with each of my son's teams (often at the same time) so being a Big Sister didn't seem to fit well with the spare time I had between 3 and 4 a.m. But now, with the opportunity to mentor during work hours, I could spend time with a child who needed someone to be there "just for them", without compromising any of my commitments with family. I signed up quickly and after filling out the forms and completing the interview process, I was matched with a beautiful little girl. My only request was that I be matched with a girl - I wonder why?!!!! And for the first time in my life I could send out "It's a Girl" announcements.

I was introduced that September to a little girl in Grade One. She had a speech impediment and it was almost impossible for her to sit still, but she had beautiful black braids and just the trace of a smile that stole my heart. I quickly came to understand that this little girl faced more challenges on a daily basis than I could comprehend. The youngest of six children, Tannan was the only girl and truly wanted to be a boy, just like her brothers. She walked like a boy, talked

like a boy, played like a boy and her only friends were her brothers. After a few failed attempts to read together, I realized her situation was very complicated. She didn't need someone to read to or with her, it was so hard and she felt so much pressure in her classroom to "read" like the other kids; she needed someone to just spend time with her. So I started with simple activities that she showed interest in. She loved my manicured nails, so we painted her fingernails; we attempted a few really simple crafts and spent time on the swings in the playground. I was shocked when I introduced her to knitting and she liked it. I couldn't get her to spend 5 minutes working on a puzzle, so when I brought the knitting needles and some soft, pink wool to school and over the course of about 3 weeks, we knit a beautiful pink scarf. When we finished the scarf, she was so proud, and when she got the matching hat and mittens for Christmas, she was thrilled! Two years into our match, I asked to move our match to the Big Sister program, we started the paperwork that week and we've been together ever since.

My little sister has become a part of our family; celebrating birthdays and holidays with us whenever possible. She has taught me about resiliency, about challenge and most importantly, about love. My boys have learned to appreciate the family they have and to have compassion for those who don't have the support of family; my husband is learning about little girls and we are all learning about the power of mentoring.

Being a mentor has brought me so much; I've learned about little girls, about challenge,

resiliency, about another culture, about families, about loss, grief and bonds that can't be broken. I've learned to trust my intuition, and I've learned most importantly about the power of unconditional love.

I've also learned how to mentor a mentor. My 19-year-old son, Michael, became a Big Brother. The amazing thing about this isn't just that he developed an interest in mentoring by watching his Mom, but that Michael isn't your average 19-year-old, he has severe ADHD and Tourettes Syndrome. He is 6'3" and 320 lbs, a real football player and has a heart as big as he is. He's not the person you would characteristically see as a mentor - but he is an amazing mentor. He is learning how to teach the art of conversation, how to set boundaries, and how to be the best mentor he can be. He struggles, as we all do, with understanding why kids have to deal with abandonment and abuse, and in helping him to understand, I too am learning more than I thought possible. He's taught me that mentors come in all shapes and sizes and don't fit in a cookie cutter; that some of the best mentors are those thought least likely to be successful. We can all be powerful teachers, to be influential in the life of another, but in very different ways.

Much like the "song that never ends", mentoring is the gift that never ends, it just goes on and on my friends. I am incredibly blessed to be a Big Sister and most importantly to have a Little Sister. It fills my heart, feeds the soul and energizes me in a way that nothing else can. Yes, being a mentor is an investment of time, but the return on your investment is, as the commercial says, priceless!
